School Data

Graduation rate is the percentage of a school's first-time, first-year undergraduate students who complete their program within 150% of the published time for the program. For example, for a four-year degree program, entering students who complete within six years are counted as graduates.

Retention rate is the percentage of a school's first-time, first-year undergraduate students who continue at that school the next year. For example, a student who studies full-time in the fall semester and keeps on studying in the program in the next fall semester is counted in this rate.

Transfer rate is the percentage of a school's first-time, first-year undergraduate students who transfer to another college within 150% of the published time for the program. For example, a student who is in a four-year degree program is counted as a transfer if the student goes to another college within six years.

Congratulations, Helen! Your FAFSA was successfully submitted to Federal Student Aid.

Does your brother or sister need to complete a FAFSA? If so, you can [transfer your parents' information into a new FAFSA](#) for your brother or sister to save time. Your parents will have to provide a signature again, but that's all.

What Happens Next

- In 7-10 business days, we will mail you a Student Aid Report (SAR) notifying you that your FAFSA was processed.
- Your FAFSA information will be made available to your school(s), and they will use it to determine the aid you may be eligible to receive.
- Your school(s) will contact you if they need more information or when they are ready to discuss your financial aid award.
- If you have questions about your financial aid package, contact your school(s).

Eligibility Information

Based on the [eligibility criteria](#), you may be eligible for the following:

Estimated Expected Family Contribution (EFC) = 999999
The EFC is a measure of how much you can contribute to the cost of your education. Schools use your EFC to determine your federal student aid eligibility.
The EFC is not how much aid you will receive or how much you have to pay for college.

Pell Grant Estimate - \$2,225.00

Direct Stafford Loan Estimate - \$5,500.00
You may also be eligible to receive other federal, state, or institutional grants, scholarships, and/or work-study.

In addition, you should learn about [federal tax benefits for education](#), including the [American Opportunity Tax Credit \(AOTC\)](#).

You and your parent(s) indicated that you had filed an IRS tax return when you provided your financial information and it appears that you were eligible to use the [IRS Data Retrieval Tool](#), which allows you to view information from your IRS tax return and transfer that information directly into your FAFSA. The benefit of using the tool is that it's the easiest way to provide accurate tax information, and it also eliminates the need for providing a copy of your and your parents' tax return to the financial aid office at your college. Once your FAFSA has been processed, you and your parents can return to [FAFSA on the Web](#) and use the tool to transfer your tax information.

If you have questions, visit www.fafsa.gov and click the "Help" icon on the FAFSA home page.
